***An indispensable reference book containing the arbitration laws
in force in the world's major arbitration centres***

About the book:

The *Arbitration Law Handbook* collects together in one volume the laws in force in more than twenty countries, with the main procedural rules used in each of those countries. Each section has a short overview identifying relevant treaty obligations, the main arbitral bodies and the principal laws in force.

Additionally, there is an international section in which the UNCITRAL Model Law and Arbitration Rules are set out and in which the major international conventions relating to arbitration, such as the New York Convention and table of signatories, are reproduced. The section also includes the ICSID Arbitration Rules (applicable to the settlement of investment disputes), as well as those of WIPO (applicable to the settlement of intellectual property disputes).

Who should be using the *Arbitration Law Handbook*?

- » Lawyers dealing with arbitration, international arbitration and alternative dispute resolution (ADR)
- » UK and international law libraries
- » Students, particularly post-graduates studying arbitration or ADR
- » Arbitrators
- » Arbitrator institutes and arbitrator nominating bodies
